Title: When I'm In Conflict With You

Speaker: Fred Baker

Questions to consider:

Do you think there is truth in the statement, “As a church, we will always experience conflict”? Why or why not?

How do you typically deal with conflict? Do you run toward it or run away from it?

Is there anyone you are currently in conflict with? How have you tried to move toward unity?

Are you aware of a current conflict between two people?

What is your role in helping them resolve this conflict?

How could resolving your own conflict or helping others resolve theirs move the mission of the church forward?
