

## State of the Church

09.08.19

### Sermon Questions

During the State of the Church, Fred and Nick shared what we believe God is asking our church to become. We want to be a church where those who have no church can grow in their acceptance, understanding and application of the gospel.

What excites you about this? What scares you about this?

Read Matthew 28:18-20 - What promises do you see here (there are two)? How do these promises help you deal with your fears about being friends with those who have no church? What commands do you see here (there are two or three depending on how you organize them)? How do these commands shape all your relationships?

We asked you to pray for 10 people in your life who don't have a church. Pray for God to show you those 10. Begin making your list today and praying for them daily. Share the names on your list with your group.
